RE: INSTALLATION OF MEASURING DEVICE

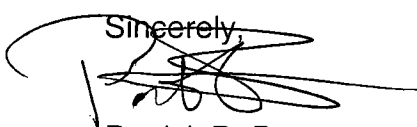

Dear Doug:

As you and I discussed on the phone, Mr. Unger will be installing measuring devices on the Pence property this spring. As you suggested, the best approach that will ensure that what is installed meets your requirements is to meet on the property when the weather improves to determine the best location and design for those works.

Either myself or Mr. Unger or someone working for him will get in touch with you this spring so that we can arrange the field visit.

Thank you for your attention to this matter and we look forward to working with you on the design and siting of the control works.

Sincerely,

Patrick D. Brown
Attorney at Law
